A SPEED-BASED SERVICE PROFILE IDEAL FOR USERS REQUIRING A HIGH QUALITY CONNECTION AND FIXED MONTHLY SERVICE CHARGES.

UP TO 24/6 MBPS CIR AND MIR RATES

FLEXIBLE PACKAGES SUITABLE TO MEET ANY REQUIREMENTS

Service Overview

Anker encompasses Telenor Satellite's latest portfolio of Ka-band maritime managed service solutions. With Anker, you can devise unique VSAT service profiles capable of meeting any requirement. The Anker portfolio consists of three unique products – Speed, Quota and Custom – all three are designed to better accommodate customer's needs.

Anker Speed

Service profiles ideal for users requiring a high-quality connection and fixed monthly charges. Select your service profile from a pre-defined list.

- Guaranteed CIR with burstable MIR
- Up to 24/6 Mbps CIR and MIR rates
- Fixed monthly rates

Anker Quota

Suitable for low-volume or sporadic users with unpredictable bandwidth requirements. Users are notified of their data consumption to ensure there are no surprises.

- Volume Plans from 5 – 200 GB
- Notification sent by email when 50% and 90% of quota limits are reached
- Top-up packages available to order online

Anker Custom

Full flexibility and the possibility to create profiles to meet any requirement.

- Custom rate-based service profiles
- Symmetric/asymmetric profiles
- Wide selection of contention rates
- Fixed monthly rates

Possible Hardware Options

- Intellian 100
- Cobham 900
- Epak DSi9 KU

Go even further with VAS from IEC Telecom

- Automatic fail over between Ka- and L-bands
- On-board or centralized voucher management system
- Advanced online reporting
- Filtration and usage control
- Full visibility through dedicated Dashboard

About Telenor

Telenor Satellite is a premium wholesale provider across three divisions; Broadcast, Occasional Use Broadcast and Data Services. We work with the industry's leading antenna suppliers for land and sea services, the biggest direct-to-home (DTH) providers across the Nordics and Central Eastern Europe for broadcast TV and all of the world's largest broadcasters for video services. Telenor serves over 18 million homes, nearly 1,300 vessels, 600 land terminals and delivers services to more than 400 broadcasters.

IEC Telecom and Telenor Satellite began a partnership in 2003.

With Telenor's network, IEC Telecom offers a fast and reliable connection in line with existing solutions for maximum user experience.
