#### MAXIMUM MOBILITY, RELIABILITY & FLEXIBILITY ON YOUR SMARTPHONE

Thuraya SatSleeve+ allows any smartphone user (using iPhone or Android) to transform their cell phone into a satellite phone.

The SatSleeve+ universal adaptor connects in satellite mode to Thuraya's extended network for phone calls, text messages and data connection directly on your smartphone. You benefit from maximum flexibility as you can easily switch the adaptor to use any iPhone or Android model.

Thuraya SatSleeve+ keeps you connected wherever you go in more than 160 countries and helps you to avoid roaming charges.

In comparison to previous versions, Thuraya SatSleeve+ allows users to make phone calls directly from their smartphone and is perfect for all kinds of smartphone use - be it corporate or leisure.
