

# GO-ANYWHERE PRO EXPLORER 510

## ULTRA-PORTABLE SATELLITE BROADBAND TERMINAL

Go-anywhere Pro Explorer 510 is an ultra-portable satellite broadband terminal that delivers a power-packed performance anywhere on the planet. Operating over Viasat's L-band network, Go-anywhere Pro empowers professionals in both remote and urban offices with high-quality voice and data communications over their smart devices. It easily integrates with your smartphone over the Explorer Connect app to enable phone calls and text messages as well as broadband access at speeds up to 464 Kbps. Smaller than a regular laptop and weighing less than 1.4 kg, it is also impact resistant and weatherproof. Go-anywhere Pro Explorer 510 is an affordable easy-to-transport terminal that serves as a global WiFi hotspot for gig workers, remote technical teams, and humanitarian missions.

### FEATURES

Reliable L-band  
connectivity

Global  
coverage
