STAY CONNECTED IN THE MOST EXTREME AND REMOTE LOCATIONS

The IsatPhone 2 is designed to operate even in the most extreme conditions: from searing heat to icy blast, desert sandstorm or monsoon rain.

And with a faster network registration (under 45 sec), an unrivalled battery life offering 8 hours talk time and 160 hours of standby time, users can always depend on the IsatPhone2.

It provides excellent voice clarity, call stability and an easy-to-use interface with large high visibility screen.

Thanks to the GPS location services, position can be sent by text message in case of emergency.
