WI-FI HOTSPOT**

Iridium Extreme® 9575 is engineered with more features than ever before and with more accessories than any other satellite phone on the market. In addition to providing continuous connectivity around the world, it empowers users with many advanced features, including customisable GPS and location-based services, online tracking, and emergency SOS notifications.

Iridium Extreme® 9575 is powered by Iridium®, the only satcom network with pole-to-pole coverage. In the capacity of Iridium® partner, IEC Telecom delivers high-end satcom services to its customers all over the globe since 2013.
