

ISATPHONE 2

RUGGED SATELLITE PHONE FOR REMOTE LOCATIONS

Isatphone 2 is a powerful and rugged satellite phone that offers voice and text communications in the remotest parts of the world. Operating over Viasat's L-band network, Isatphone 2 empowers remote teams in the oil & gas, agriculture, humanitarian, and mining industries to stay in touch with HQ. Along with an unrivalled battery life that provides 8 hours of talk time and 45 hours of standby time, Isatphone 2 receives incoming call alerts even with the antenna stowed. This state-of-the-art phone comes with in-built GPS location services, access to GEOS emergency assistance, and one-touch support mode to send your location to a pre-set emergency number. Isatphone 2 connects to the satellite network in under 45 seconds even in the most extreme weather conditions.
