## THURAYA WE

Satellite & LTE hotspot to stay  
connected everywhere

LAND

**SATELLITE & LTE**

- A single SIM for Satellite & LTE usage
- Flexible connection between both networks (automatic or manual selection)
- Back up connectivity for remote users

**EASY TO USE**

- A dedicated & easy to use web interface to manage network selection, data consumption, systems alerts and access settings.
- Lightweight and compact device to carry everywhere and stay connected!

**UNIFIED COMMUNICATIONS**

- WiFi connectivity in a 30m range
- Connect multiple smart devices (up to 10)
- Offers SMS, Voice and data connectivity
- Data speed up to 384kbps

**CONNECTING EVERYONE – EVERYWHERE**

Stay connected everywhere you go with the new Thuraya Satellite and 4G/LTE Hotspot. The WE is the first dual mode hotspot developed to converge satellite with terrestrial communications. No matter where you are, stay in touch with your friends and family at all time... Easy to use, the WE automatically switches between Satellite and GSM networks using a simple button on the dedicated app. Transform your WE into a Wifi hotspot and enjoy internet in a 30m range. Connect up to 10 smart devices on your hotspot and share your best memories on internet using Satellite or GSM connectivity!

**Specifications**

**System/Frequencies:**

- Satellite: Thuraya L-band satellite
- GSM3G /4G LTE: 800 MHz, 850 MHz, 900 MHz, 1800 MHz, 2100 MHz, 2600 MHz

**Dimensions:** 230 x 197 x 24 mm

**Weight:** 1.1 kg

**1 SIM card slot mini**

**Voice and messaging services:**

Circuit-switched-satellite calls , VOIP with 3rd party apps, SMS

**Data services:**

Satellite: GmPRS up to 384kbps

**Battery life – in transmission:** GSM: Up to 9h - Sat: up to 3h

**Battery life – Stand-by Time:** GSM: Up to 15h - Sat: up to 6h

**Global Navigation Satellite System (GNSS):** GPS, BeiDou, Glonass

**Interfaces:** WiFi up to 10 users

**Router features:** Firewall, Mac Filtering, DMZ, NAT, Port

**Forwarding Ingress Protection:** IP54

**Multi-language firmware** 8 supported

**Included in the pack**

- Thuraya WE
- AC power adaptor
- SIM adaptors
- Arabic and English user guides
