THE WORLD'S BEST-VALUE SATELLITE PHONE

Designed for cost-conscious users, the Thuraya XT-Lite offers uninterrupted secure connectivity even in the most remote areas of the world. With Thuraya's unparalleled satellite network, you can enjoy crystal clear communications and access reliable data connections at the most cost-effective and unbeatable value, exceeding any other product in the satellite communications market.

Thuraya XT-Lite comes with an advanced omni-directional antenna to provide seamless walk-and-talk functionality for calls-on-the-go. You can even receive call notifications when the antenna is stowed away, thus, truly being connected at all times. Moreover, the long-lasting battery ensures that you're not constantly looking to recharge your phone. Benefit from upto 80 hours of stand-by time, and 6 hours of talk time. The additional solar charger further enhances your communications experience while being environmentally responsible.

Using the satellite mode, you can send SMS and make phone calls even when there is no terrestrial network available – across 160 countries in Europe, Africa, Asia, and Australia. Stay connected wherever and whenever you need with the Thuraya XT-Lite
