## MAXIMUM MOBILITY, RELIABILITY & FLEXIBILITY ON YOUR SMARTPHONE

The Thuraya SatSleeve + allows any smartphone users (using iPhone or Android) to transform it's cell phone into a satellite phone.

The SatSleeve universal adaptor enables to connect in satellite mode to Thuraya's extended network and give phone calls, send text message or use a data connection directly on your smartphone. You benefit from maximum flexibility as you can switch the **adaptor** from iPhone or Android models.

Using the SatSleeve + you stay connected wherever you go in more than 160 countries and avoid roaming charges. Compare to previous versions, The SatSleeve + allows users to make phone calls directly from their smartphone.
