STRONG MARITIME EXPERIENCE

MULTIPLE VOICE OPTIONS FOR CREW AND OPERATIONS

A VARIETY OF FLEXIBLE DATA PLANS

VSAT ANTENNA

CONTINUOUS CONNECTIVITY

GUARANTEED PERFORMANCE

CONTROLLED COSTS

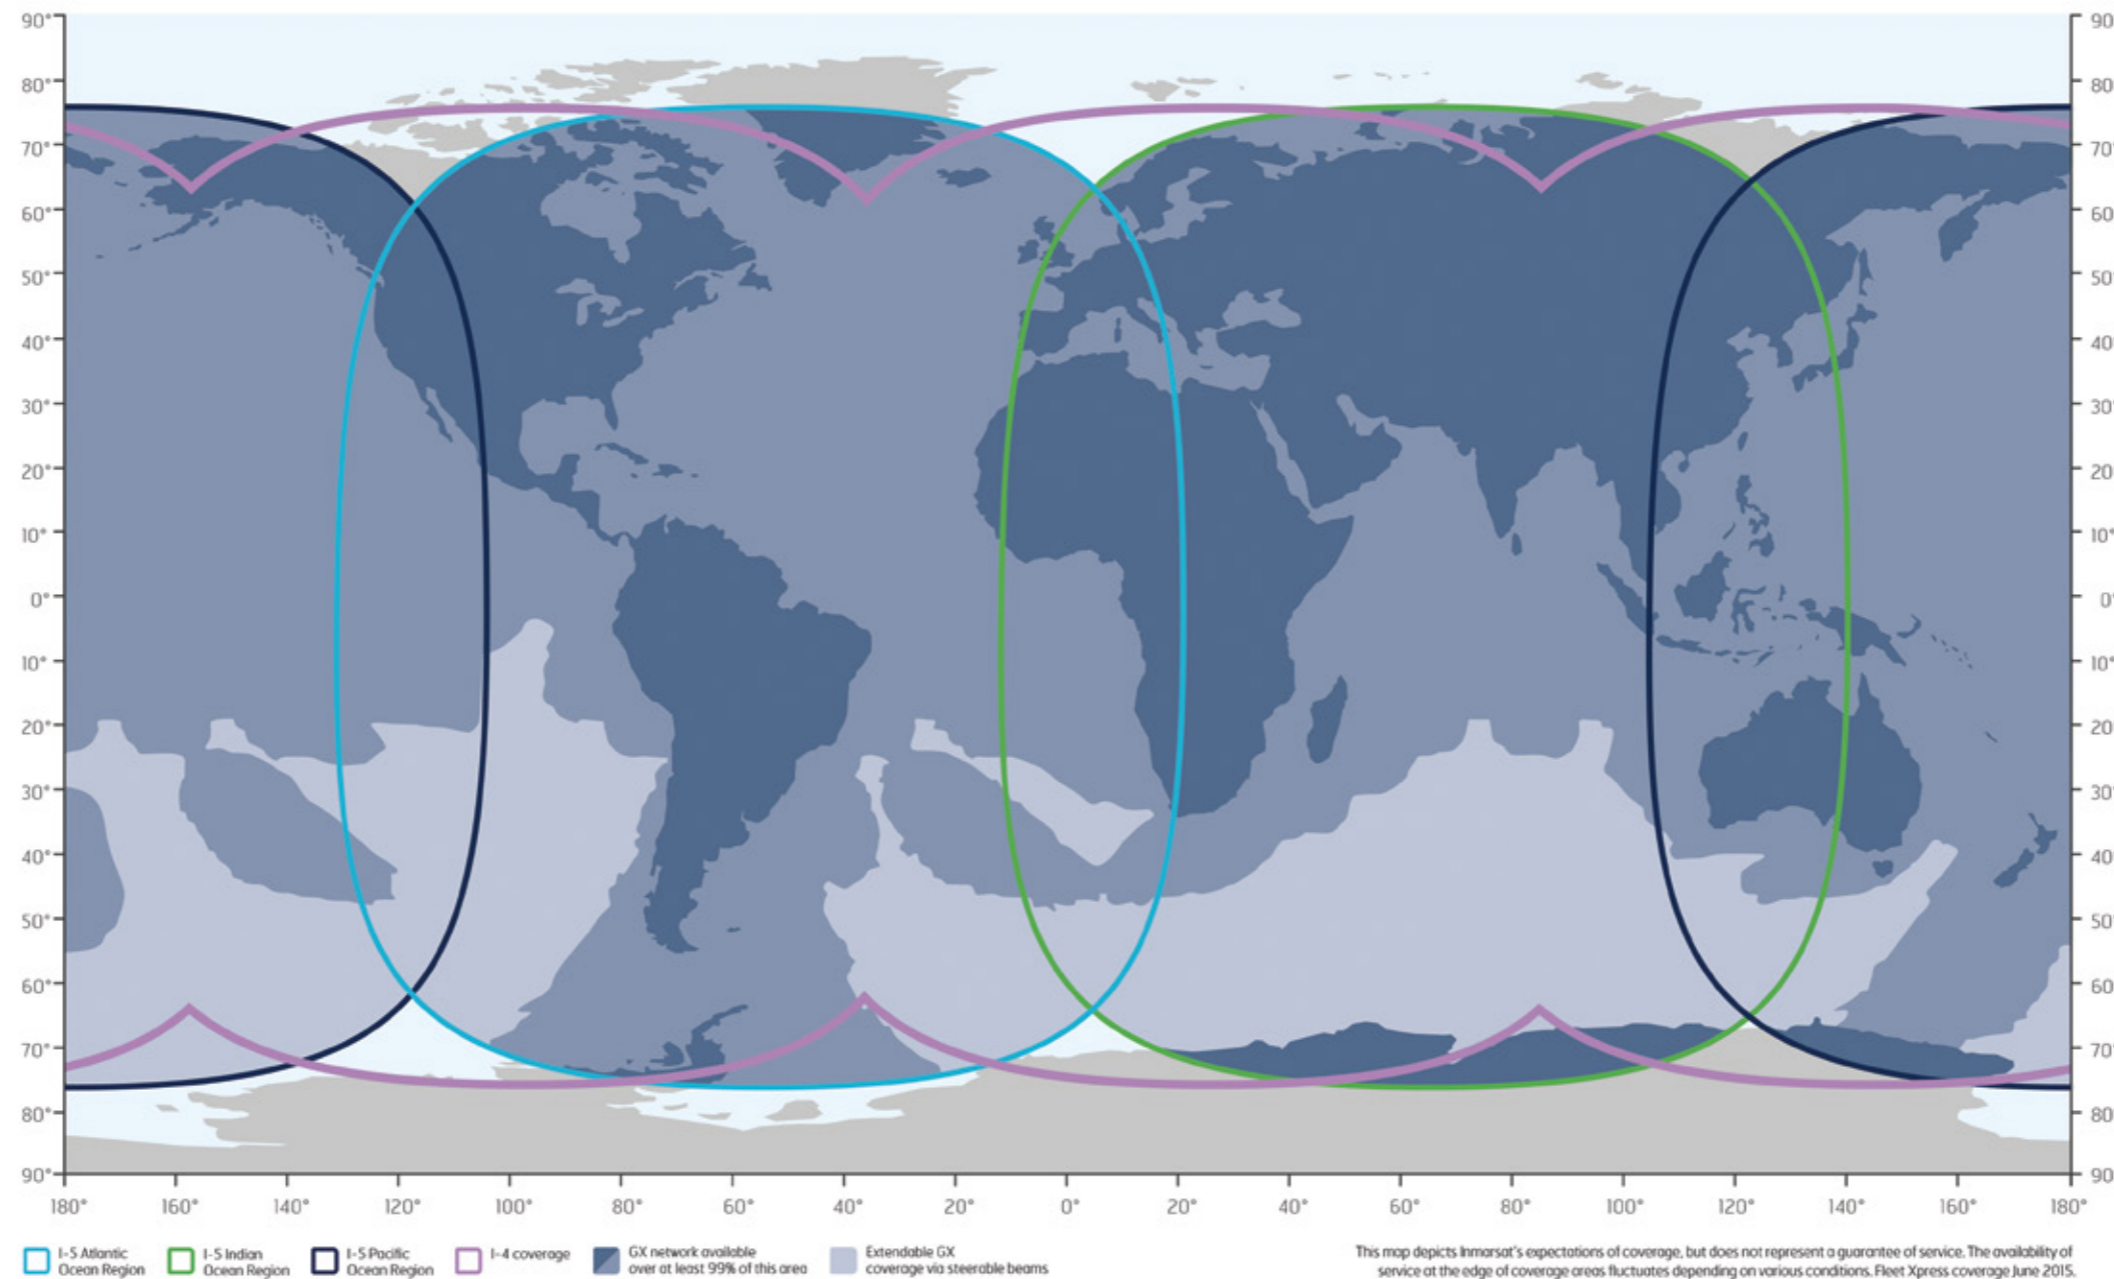

EXTREME FLEXIBILITY

FULLY MANAGED SERVICE

CYBER RESILIENCE

L-BAND BACK UP

OVERVIEW

Fleet Xpress takes maritime communications to the next level, delivering the high data speeds enabled by Inmarsat's Global Xpress Ka-band technology, combined with the proven reliability of Inmarsat's flagship FleetBroadband L-band service.

Fleet Xpress is powering the maritime data revolution. Guaranteed global bandwidth ensures that you can stay connected in all conditions, enhance yacht efficiency and guest welfare, and in turn, run your yacht more effectively. Fleet Xpress for Superyachts provides added flexibility to meet seasonal demand changes: high bandwidth during peak demand and service standby off-season.

The Fleet Xpress service offers a powerful and unique combination of benefits and freedom of subscription flexibility that together set a new standard for Superyachts.

KEY FEATURES

- Continuous Connectivity**
 Ultimate reliability through a dual satellite constellation using Ka-band with unlimited L-band back-up, ensuring seamless global mobility
- Guaranteed Performance**
 Committed data rates backed-up by service level agreements ensure that the customer always gets what they pay for
- Controlled Costs**
 More accurate cost management with a wide selection of flexible subscription packages and one invoice

- Extreme Flexibility**
 Flexible service plans to meet both seasonal and short-term bandwidth requirements, with the ability to suspend the service temporarily
- Fully Managed Service**
 Standardised plug-and-play service facilitates 24/7/365 management, monitoring and support globally, for simplicity and complete peace of mind
- Cyber Resilience**
 Increased preparedness for cyber threats at sea

A FULLY MANAGED SERVICE

- Onboard terminals automatically connect to each GX beam as part of the Fleet Xpress fully-managed service, ensuring clients a continuous and seamless service.
- The proven reliability of the FleetBroadband secures a high-speed network connection redundancy in the event of terminal failure, shadow, or if the FX is out of coverage.
- A dedicated network offers remote fault and configuration management of the terminal.

HARDWARE OPTIONS

- VSAT**
 - Intellian GX60 NX
 - Cobham Sailor 60 GX
- L-Band**
 - Cobham FB 500/FB 250
 - Intellian FB 500/FB 250

SUBSCRIPTION PLANS

- Superyacht specific subscription plans
- Flexible upgrades and downgrades
- No downgrade fees
- 12-month commitment
- Up to 180 days to suspend
- Commitment period unchanged following a plan change or suspension
