USB-C connector
Earphone connector (3.5 mm)
Antenna connector

MULTI-LANGUAGE FIRMWARE

OPTIONAL ACCESSORIES

Car charger
Solar chargers
Fixed Docking Units
Indoor Repeaters
Spare batteries
Spare travel chargers (with EU/UK/CHN/AUS plugs)
Spare USB data cables

UNIQUE CHARACTERISTICS

TWO WORLDS IN ONE

Experience uninterrupted connectivity for voice services, wherever your duties or adventures may lead you. Stay seamlessly connected through the dependable Thuraya network and switch to your preferred GSM operator based on the availability of terrestrial coverage.

CONVERGENCE YOU CAN CUSTOMISE

Thuraya XT-Pro Dual works in satellite and terrestrial mode simultaneously. You can be contacted on your cellular number even while on an active satellite call. Use a Thuraya SIM card and an LTE SIM card, or choose any combination of SIM cards that meets your requirements.

ADVANCED GEOFENCING FUNCTIONALITIES

Connect to Traksat to access advanced geofencing functionalities - preset a geofence, send current coordinates, and use position-logging. Track preset time intervals, distance travelled, and movement outside the geofence over a fully secure user-activated interface.
